* It was expected that by the 31st March 1877 there would be 100 looms at work in these mills.
† 1,176 more spindles have been ordered out from England.
‡ Of these, 9,264 spindles only were working in September 1876. One hundred looms have been ordered from England, and it was expected that they would commence work before the 31st March 1877.
¶ It has been decided to increase the total number of spindles to 25,000.
‖ In January 1877, there were on the premises 340 looms which it was intended to set up.

NOTE (1).—Throughout this series the figures for Merchandise and Treasure include the Imports and Exports on account of Government.

(2).—For the years 1870-71 to 1873-74, revised figures have been included in all the tables in this series for Government treasure, and in tables Nos. 1 and 2 only for Government stores. As corrected details in regard to articles and countries for Government stores are not available, the revisions could not be carried out in the remaining tables, in which the totals of Merchandise for these years will not be found to agree with those in tables Nos. 1 and 2.

(3).—The amounts for Bengal and Bombay up to 1852-53 are those for Calcutta and Bombay only, the subordinate Bengal and Bombay ports not being included.

(4).—Up to 1865-66, the figures in this series were taken from the returns presented to Parliament. But from 1866-67 a consolidated Volume of Trade Statistics for the whole of British India has been compiled from returns furnished monthly by Local Governments; and from this year the figures in Tables 1, 2, 3, 4, 6, 7, 8, 10 and 12, showing the trade for all India, have been taken from this consolidated account; while those for Merchandise in Tables 5, 9, 11, 13, 14, 15, 16, 17, 18, 19 and 20, showing the trade of each province separately have been taken from the volumes published by Local Governments. The two sets of figures for Merchandise will not be found to agree exactly, owing to discrepancies between the local and imperial volumes.
